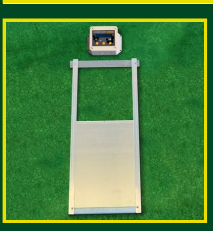
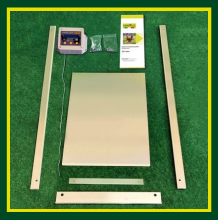
AUTOMATIC CHICKEN COOP DOOR

Automatic chicken coop door opener with dusk/dawn light sensor, supplied with an aluminium door. Programmable by timer or light sensor, battery powered. Shipping to Italy only.





MAIN FEATURES

- **Twilight mode:** thanks to the integrated light sensor, the system automatically responds to ambient light conditions
- **Automatic mode:** manually set the opening and closing times via the timer, offering flexibility and full control
- **Manual function:** allows immediate opening or closing for 3 minutes, useful to temporarily override automatic settings
- **Instruction manual** in English, Italian, German, French and Spanish
- Electronic device with digital display (**control unit**)
- Sturdy **aluminium door**
- External **aluminium sliding guides**
- **Brackets, cord, and bolts** for installation on mesh or flat surfaces such as wood or insulated panels

SIZES

- Control unit: 14 x 10 x 7h cm
- Aluminium door: 24.5 x 60h cm (clear passage: 22 x 32h cm)

Shipping to Italy only.
