

AUTOMATIC DRINKERS FOR RABBIT AND PIGEONS

Drinking trough mod. Self-filling Spain (for rabbits, pigeons, etc.). Thanks to the internal float, it recharges automatically by falling from an external container connected to a tube. To fix it, you must cut the net near the tray, then hook it.

DATA SHEET

Dimensions	Materials	Directions
12 x 13 x 12h cm bowl 8 x 4.5	Plastica	To fix it, you must cut the net near the tray, then hook it.
